## OUR CATERING

We have two Food and Beverage outlets on the campus. Our main restaurant, Blasta, is a 200 seater tray service restaurant, serving a wide variety of options. We also have a coffee shop in St Mary's called the Cloister Cafe or Caife an Chlabhstra offering a premium tea & coffee product.

For conferences, our catering team offers a full catering service with all the food and beverage requirements from breakfast to lunch, including all types of breaks. The catering team can also provide for full waiter-served private lunchtime and evening events. Menus can be catered to any particular requirement or need.

## OUR STORY

At the Marino Conference Centre, which is part of Marino Institute of Education, there is a very unique feeling of history and tranquillity.

Built on the grounds of the historic estate of Lord Charlemont, we still boast tranquillity due to the gardens that surround us and the architecture of both the St Mary's and St Patrick's buildings. Over the years we have developed the modern Nagle Rice Hall which gives the campus a more contemporary side but it has been sensitively incorporated to retain the campus' unique atmosphere.

There is a sports hall that can be hired out by sports groups or other clients wishing to use it for events like exams, exhibitions and large seminars.
